Eligibility

As an active member of the State Police Retirement System, you can receive credit for time you spend in active duty military service with the United States Army, Navy, Marine Corps, Air Force or Coast Guard. There may or may not be a cost to you, depending on whether your active duty service occurred during (intervening) or outside of (nonintervening) your employment with the Michigan State Police.

Your service is considered *intervening service* if you leave state police employment, directly enter active duty in the U.S. armed forces, including reserve components, and return to employment with the Michigan State Police within six months of discharge.

Nonintervening service is active duty service that does not interrupt your service with the Michigan State Police.

Conditions

- You cannot receive credit for military service if you receive credit for the same service under another retirement system. However, this restriction doesn't apply if you will be eligible to retire from the federal government for service in the reserve component.
- If you are receiving disability benefits from the Veterans Administration and are not eligible to receive a regular age and service retirement benefit now or in the future, you may be eligible to purchase your active duty service. You will need to provide a copy of your most recent Retiree Account Statement (RAS). This can be obtained at <https://myPay.dfas.mil>, by phoning (800) 321-1080, or writing to the address below.

- If you have both *intervening* and *nonintervening* military service, or if you purchase VISTA or Peace Corps service credit, you can't be credited with more than two years combined.
- You cannot use *nonintervening* or *intervening* military service in your pension calculation until you meet the minimum vesting requirement (10 years).

Intervening:

- If your military leave interrupted your state police service, you may receive up to 2 years of service credit at no cost.

Nonintervening:

- If your active duty U.S. military service did not interrupt your state police service, you can purchase up to 2 years of credit.
- Nonintervening military service may be purchased in any fraction of a year increment.

Cost

ORS will review your application upon receipt and if you are eligible, a *Member Billing Statement* will be sent to you. This statement lists the amount of this service you can purchase, the cost, and the due date. Although it is called a billing statement, you're not obligated to buy this credit. However, if you don't purchase the credit shown on the statement before the due date, you will need to request another billing statement with updated cost information.

Intervening service credit: No cost.

Nonintervening service credit: To calculate your cost, multiply the number of military service years you wish to purchase by 5 percent of your full-time compensation in the current fiscal year.

$(.05 \times \text{Your Annual Wage}) \times \text{Military Service Years}$
